TOWN OF SEABROOK
1969 REAL ESTATE ASSESSMENTS

This booklet contains the names of the owners of real estate in the Town of Seabrook as of April 1, 1969, together with the full value (sound value) on which the tax assessment was computed in 1968.

The assessed valuations for this year were based by the Selectmen on appraisals made by appraisers employed by the State Tax Commission. The 1969 assessment figure represents the appraised full value (sound value) of the property the purpose being to equalize all individual assessments on this basis. Property record cards containing a descriptior of each piece of property including the basis of the appraisal are on file at the office of the Selectmen. These cards may be examined by any interested party.

If any property owner believes the assessment on his property this year is in excess of its full market value he may appeal to the Selectmen, in writing, for abatement within four months of the receipt of his tax bill. Forms for this purpose may be obtained from the Board of Selectmen. Upon refusal of the Board to make such abatement he may, within six months of the receipt of his tax bill, upon payment of a $10.00 application fee, appeal to the State Tax Commission, in writing, for abatement, or if he so desires may enter an appeal for abatement with the Superior Court of Rockingham County. In cases where an appeal is made to the Tax Commission the commissioners themselves will examine the property in question to determine whether the original assessment was, in their opinion, proper. If not, the necessary adjustment will be made. A property owner dissatisfied with the Commission's decision may appeal to the Superior Court for abatement within three months from the notice thereof.

For purposes of economy and efficiency the Commission will allow appeals made to it to accumulate until the six month period for filing has expired so that all properties may be examined at the same time. Examination will be made as soon thereafter as other commitments will permit.

It is called to your attention that interest at 6% per annum will be charged on all property taxes not paid by the due date specified on the tax bill and the filing of a request for review of assessment will not waive this penalty.

EMERY N. EATON
